CREATION AND FORMATION

Wrong Conception.

There is people who think that there is a Social Evil, and there are many preachers who preach the same. But when we look down into the Logic of the word, we must say that it is the deception of satan which he uses as the Socialistic Principals which make the evil. For Christ has said that the multitude of them that believed were of one heart, and one soul. They could not be a greater sociability taught then this, for He said again, that they went from house to house eating their bread with singleness of heart. Of course the devil tries to make you believe that all these deceptions are socialism by saying a social pie supper, a social at Bro. so and So's a social dance-Those do not belong to christianity, hence they do not belong to socialism but to deception.

The book on CREATION and FORMATION of the Gentile and the Jew will be completed in a few days. This Book is intended to give to the reader Golden thoughts and Gems of truth to help enlighten the minds of the reader-so that the Bible will be a lamp to his feet and a light to his pathway.

Any one wanting one or more of those books send your order in and the book will be delivered for one dollar and twenty five cents.

No one who love the cause can afford to do without one of those books it makes your Bible as plain as your A. B. C. without any mysteries in it.
